**55 Gallon Drum Handling**  
Designed for the LIFT-O-FLEX® 19800 Ergonomic Lifter

55 gallon drum handling is provided by mounting a **SQUEEZE-O-TURN™** with grippers designed specifically for drum handling to the **LIFT-O-FLEX® 19800 Twin Mast™** ergonomic lifter. The drum handling end-effector provides for picking loads from the floor or pallet, raising them to a predetermined height and rotating the drum for dumping purposes.

Document No. 80001 Rev 10/7/05

**Contact RonI, Inc or your local dealer for application specific information. Custom applications are available.**
