Power-Glide II Platform Carts

GRUNT *Power-Glide II* Platform Carts are the most versatile battery operated carts available. These ergonomically designed carts feature the exclusive *Power-Glide II* drive system and *Intuitive Thumb Control* with load capacities of 800 pounds for the small cart up to 1,500 pounds for the dual handle cart. **Productivity starts with a GRUNT.**

To help create an exertion free environment, **GRUNT** *Power-Glide II* Platform Carts are adaptable to hundreds of different uses. **GRUNT** *Power-Glide II* Platform Carts are available in four standard configurations. The different configurations are shown at the right. The smallest platform measures 24" wide by 40" long with an 800lb load capacity and has a collapsible handle for use in delivery vehicles. Deck heights are 12".

GRUNT *Power-Glide II* Platform Carts feature the *Power-Glide II* drive system, which consists of a maintenance free transaxle drive powered by a powerful 24-volt motor. Maintenance free batteries, solid-state electronics and an automatic charging system make the **GRUNT** *Power-Glide II* Platform Cart a durable and worry free solution to your material transport needs. **Don't underestimate the power of a GRUNT.**

GRUNT *Power-Glide II* Platform Cart Features:

- Proportional speed control
- Intuitive Thumb Motion Controls (Up, Forward; Down, Reverse)
- Battery Charge Level Indicator
- Emergency Stop Belly Switch
- Foam Filled Tires
- Maintenance Free *Power-Glide II* Transaxle Drive
- Maintenance Free Sealed Lead-Acid Batteries
- Onboard Automatic Charger
- Wrap Around Bumper
- Dynamic Regenerative Braking
- Automatic Electromechanical Parking Brake
