## MPC Motorized Platform Carts

### Specifications:

#### MPC2741

Load Capacity: 1,500 lbs.  
(on a six degree incline): 1,000 lbs.  
Overall Width: 27"  
Platform Length: 41"  
Overall Length: 50"  
Overall Height: 42.5"  
Power Wheels: 8.75" dia.  
Swivel Casters: 5" dia.  
Shipping Weight: 265 lbs.  
Shipping Size: 47.6 cubic ft.

#### MPC2748

Load Capacity: 1,500 lbs.  
(on a six degree incline): 1,000 lbs.  
Overall Width: 27"  
Platform Length: 48"  
Overall Length: 56.5"  
Overall Height: 42.5"  
Power Wheels: 8.75" dia.  
Swivel Casters: 5" dia.  
Shipping Weight: 270 lbs.  
Shipping Size: 47.6 cubic ft.

#### MPC2760

Load Capacity: 1,500 lbs.  
(on a six degree incline): 1,000 lbs.  
Overall Width: 27"  
Platform Length: 60"  
Overall Length: 68.5"  
Overall Height: 42.5"  
Power Wheels: 8.75" dia.  
Swivel Casters: 5" dia.  
Shipping Weight: 292 lbs.  
Shipping Size: 56.6 cubic ft.

The ultimate in ergonomic design for transporting heavy loads, the MPC Motorized Platform Carts reduce the chance of injury while increasing productivity. Available in three different platform sizes, you can bolt, weld, or clamp your current equipment and transport carts to the steel platform to create your own custom carts.
