

Need a hand truck that delivers increased safety and productivity?

Try the award winning Rotatruck™.

Faster, easier and safer to use, the self-supporting Rotatruck™ substantially reduces the risk of repetitive workplace injury while simultaneously increasing productivity. For more information on the revolutionary Rotatruck™ or a copy of the “Rotatruck vs Standard Hand Truck Comparative Assessment Report” visit the Magnus Mobility Systems Inc website at magnusinc.com

Rotatruck™ ergonomic hand trucks.

The hand trucks you can't afford to be without.

With workplace injury costing as much as **\$136,400¹** AUD per case, it pays to invest in equipment that helps protect the wellbeing of both your employees and your business.

Creating a safer working environment can initially have a negative impact on productivity, but not with Rotatruck's award winning range of ergonomic hand trucks.

Designed around the revolutionary Rotacaster™ multi-directional wheel, the Rotatruck's clever design and amazing 360° maneuverability make them faster, easier and safer to use, resulting in direct and immediate increases in productivity.

Available in four different wheel base configurations and a choice of either an aluminum or a steel frame, there's a Rotatruck™ for virtually every situation.

For more information on the revolutionary Rotatruck™ or a copy of the **"Rotatruck vs Standard Hand Truck Comparative Assessment Report"** call your nearest distributor below.

The Rotatruck™ All-Terrain uses 78% less effort negotiating curbs.
